

KNÜRR ELICON® VC / VC-E

37 to 46

MODULAR WORKSTATION SYSTEM

Whether for video surveillance, security dispatching or engineering workstations – our comprehensive product range offers optimal **solutions for a customized, ergonomic and efficient workstation.**

The **modular design** enables a wide variety of configurations and guarantees the highest degrees of flexibility. Combinations of tables can be retrofitted or modified at any time and without considerable effort.

High quality materials with extruded aluminum profiles in combination with die-cast aluminum stabilizers ensure a **maximum degree of stability and sturdiness.**

Ergonomic details simplify daily work in various situations and environments.

A **comprehensive range of accessories** completes the Knürr Elicon workstation system: flat screen holders, PC and 19-inch rack containers, workstation lighting, usable storage trays, cable routing ducts and other extras.

Knürr Elicon®VC-E

Electrical height adjustable Sit-Stand Workstation
