

KNÜRR ELICON® VC / VC-E

51 to 62

MODULAR WORKSTATION SYSTEM

Whether for video surveillance, security dispatching or engineering workstations – our comprehensive product range offers optimal solutions for a customized, ergonomic and efficient workstation.

The **modular design** enables a wide variety of configurations and guarantees the highest degrees of flexibility. Combinations of tables can be retrofitted or modified at any time and without considerable effort.

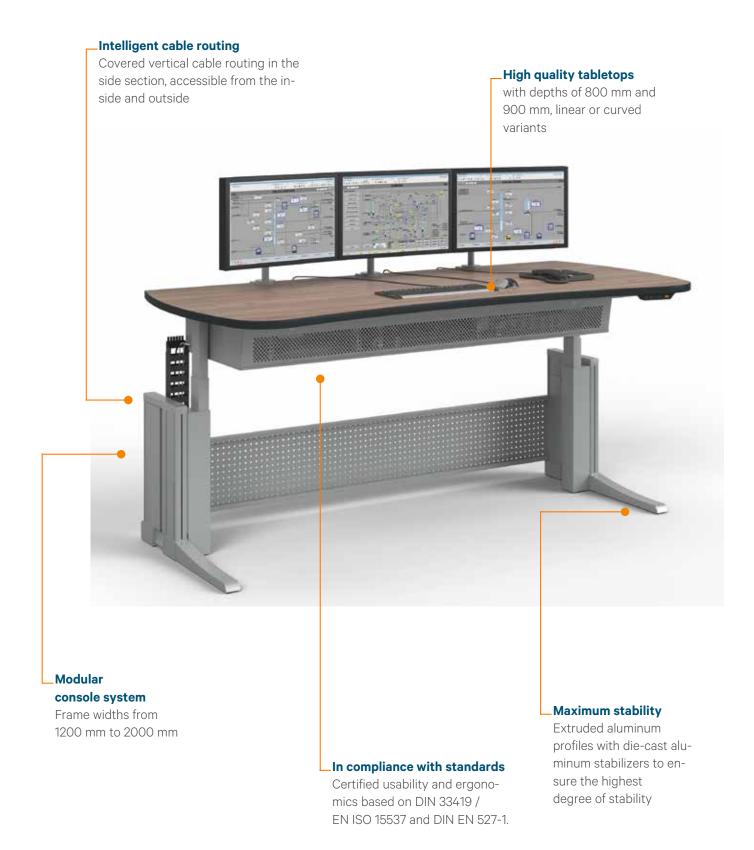

High quality materials with extruded aluminum profiles in combination with die-cast aluminum stabilizers ensure a **maximum degree of stability and sturdiness**.

Ergonomic details simplify daily work in various situations and environments.

A **comprehensive range of accessories** completes the Knürr Elicon workstation system: flat screen holders, PC and 19-inch rack containers, workstation lighting, usable storage trays, cable routing ducts and other extras.

Knürr Elicon®VC-E

Electrical height adjustable Sit-Stand Workstation

Standard colors:

_Modern design and color scheme

Base frame in RAL 9006 white aluminium, tabletop either in RAL 7035 light gray or Nelson Oak wood grain

Simple screen integration

High degree of flexibility thanks to adjustable jointed screen arms

Comfortable height adjustment

Electric height adjustment from 650 to 1250 mm

Flat packaging

for reduced transport volume

Large KVMready technology module

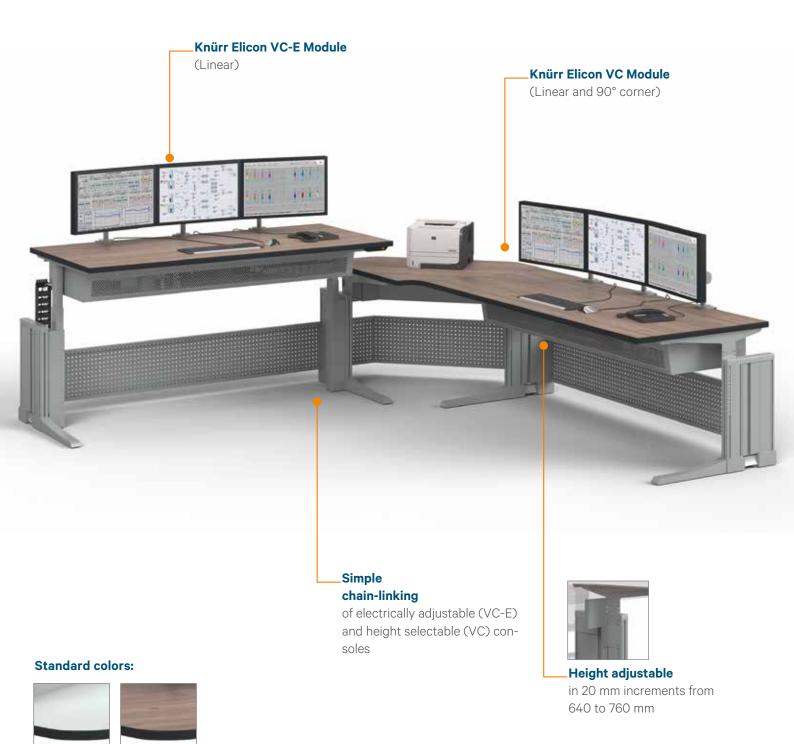

with up to 3x3U 19" installation for simple and reliable installation of KVMs, socket strips, switches, etc.

Sturdy rear panel

to ensure optimal lateral stability and function as a privacy screen

Knürr Elicon®VC

Height adjustable (VC), in combination with electric height adjustment (VC-E)

A RAL7035 Light gray

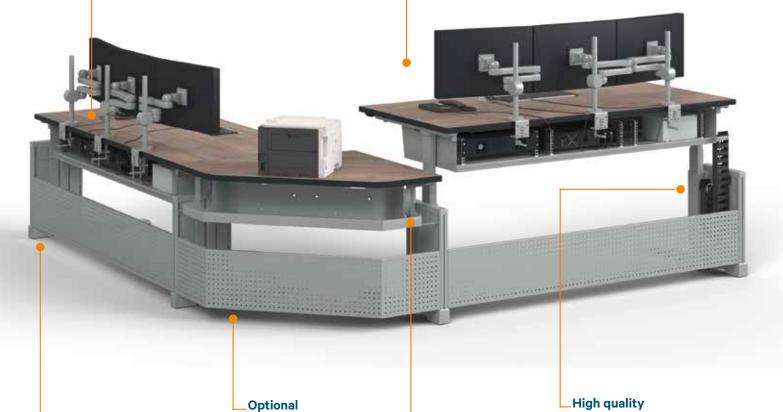

Future-proof modular design

Expand your existing table combinations, modify your current installation or supplement it with new accessories. The modular design and multi-functional T-grooves give you all the options for future upgrades.

Easy assembly

Quick and easy to assemble on site

rear panels

for VC consoles guarantee a uniform design

Roomy

Full accessibility, including optional privacy protection using front covers and plugin rear panel

energy chain

for safe and convenient

side section to the cable trough

routing from the VC-E

Intelligent cable routing

Covered vertical cable routing in the side section, accessible from the inside and outside

Knürr Elicon* VC-E Side Sections Electric height adjustment

- Height adjustment range: 650 mm to 1250 mm
- Only usable in combination with Elicon VC-E Working Surfaces

Material / Finish

- Extruded aluminum profiles with die-cast aluminum stabilizers and top section
- Steel panel covers, powder-coated

Color

• RAL9006 White aluminium

Supply schedule

- Left-hand and right-hand variants: 1 side section with lifting column, lifting column and cable duct covers
- Center variant: 1 side section with 2 lifting columns, lifting column and cable duct covers

Custom linking options between VC-E and VC modules

Knürr Elicon* VC-E Working Surfaces

- Single table
- Height adjustment range: 650 mm to 1250 mm
- Only usable in combination with Elicon VC-E Side Sections

Loading capacity

• 1200 N (static surface load)

Material / Finish

- Tabletop: Three-layer particle board FP/Y E1 variant, fire protection class B2
- Tabletop cover: High pressure plastic laminate (HPL)
- Edging: ABS
- Stabilizer, cable trough and rear panel Steel panel, powder-coated

Color combination

- Tabletop:

 A RAL7035 Light gray or
 B Nelson Oak wood grain
- Edging: Black gray
- Sheet metal parts: RAL9006 White aluminium

Supply schedule

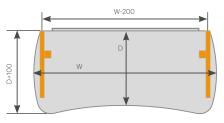

- 1 working surface with KVM technology module and 19" profiles
- 1 control unit for electrical height adjustment
- 1 energy chain
- 1 rear panel, bottom
